### Dear Colleagues,

Once again, it gives us great pleasure to invite you to our Advanced Level Obstetrics & Gynecology Ultrasound Course. This is the 14th time that we are organizing this course since it's beginning in 2003. The objective of the course is to educate the doctors & ultrasonographers who take care of Obstetrics & Gynecology patients on the art of using ultrasound scans to optimize the management of their female patient. As in our previous courses, the course will focus on common Obstetrics & Gynecology conditions and its management. The course will feature easy to understand and systematic lectures, demonstration of live scans and OSCE sessions (with prizes for those who get top marks). We have also kept the registration fee as low as possible so that more can attend this course.

Hope to see you in Ipoh.  
Dr. Japaraj Robert Peter

Closing date for registration is on  
14<sup>th</sup> April 2017

**LIMITED TO 300 PARTICIPANTS ONLY**  
**NO WALK IN REGISTRATION ALLOWED**
