Main Meeting – Capella Singapore

Hosted by:

ISUOG Teaching and Training Centre, Singapore
College of Obstetricians & Gynaecologists, Singapore

Please visit <http://www.ISUOG-OR.com.sg> for more details.

MESSAGE FROM ORGANISING CHAIRMEN

On behalf of the Organising Committee, we would like to extend a warm welcome to all delegates to the 6th ISUOG Outreach Course which will be held at the Capella Hotel, Singapore between 15 and 17 April 2010. The 2010 course is organized by the ISUOG Teaching and Training Centre (TTC), Singapore in-conjunction with the 2nd College of O&G, Singapore Scientific Congress. The theme of the event is “**Core Skills in Contemporary Obstetrical & Gynaecological Practice**”.

The focus of this outreach course is on screening for common and important congenital anomalies and a comprehensive understanding on how to manage and counsel these patients. These are complemented by problem-based learning sessions to explore commonly encountered clinical situations. Posters and free communication sessions allow a broader and wider participation of practitioners, and will encourage new and experienced practitioners in O&G ultrasound alike.

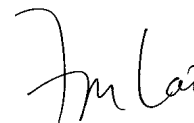

The theme “**Core Skills in Contemporary Obstetrical and Gynaecological Practice**” reflects a change in emphasis from the previous 5 years. Our speakers comprising of international and regional speakers will cover topics in prenatal and gynaecological ultrasound. They will be critically reviewing known core knowledge and to expand it to embrace present innovative with a comprehensive overview of the latest research and development results, showing the potential of future clinical application. This ISUOG Outreach also aims to reach out to the younger specialists in our region featuring presentations from young researchers in O&G ultrasound.

Singapore is strategically located in Asia with a well-developed infrastructure and a high standard of O&G practice. We assure participants of first-class conference facilities, a wide range of accommodation options, an exciting social programme and our gracious hospitality. The registration fees have been kept affordable to encourage strong regional participation. We hope to see many of you from the region. Your attendance and participation in this Congress will contribute to better pregnancy outcomes for the mothers in the region.

We look forward to welcoming all delegates and their families to Singapore.

Dr George SH Yeo
Chairman

Dr Lai Fon Min
Co-chairman

MESSAGE FROM CHAIRMAN, ISUOG EDUCATION COMMITTEE

On behalf of the Education Committee of the International Society of Ultrasound in Obstetrics in Gynaecology (ISUOG), it is our great pleasure to invite you to Singapore between 15 and 17 April 2010 to attend the 6th ISUOG Outreach Course organized in conjunction with the 2nd Scientific Congress of the College of Obstetricians & Gynaecologists, Singapore.

Singapore ISUOG meetings and courses have already become a tradition in the Ob/Gyn Ultrasound community and this year the course theme will focus on **“Core Skills in Contemporary Obstetrical and Gynaecological Practice”**. The course is designed for those interested in modern obstetrical and gynaecological ultrasound, who wants to be updated on recent developments in their fields.

We have done our best to put together an exciting programme with a mix of international and regional speakers, covering the hot topics in Prenatal and Gynaecological ultrasound. Speakers were asked to critically review known core knowledge and to expand it to embrace present innovative with a comprehensive overview of the latest research and development results, showing the potential of future clinical application. Please do not miss this opportunity to meet the experts and to exchange with them your experience.

On behalf of the Education Committee I look forward to welcoming you in at the 6th ISUOG Outreach Course and the 2nd Congress of the college of Obstetricians and Gynaecologists in Singapore.

Prof. Dr. Rabih CHAOUI (Berlin)
Chair of the Education Committee of the International Society of Ultrasound in Obstetrics in Gynaecology

CONFERENCE DETAILS

Date Pre-congress Workshops 14th April 2010 (Wednesday)
