## Welcome Message

Welcome to the Cross-border Malaysia-Singapore Fertility and Minimally Invasive Surgery Symposium. The Organising Committee under the guidance of Dr Sharifah Halimah Jaafar has worked very hard to bring this Symposium to all of you.

The objective of this Symposium is not only to share knowledge and update but to also interact with our fellow colleagues from the Southern Region within Malaysia and Singapore. The Symposium will be able to provide all of us with evidence, new insights, issues and controversies on fertility practices and also minimally invasive surgery in reproductive medicine.

I hope all of you have a fruitful and enjoyable Symposium.

**Dato' Dr Balanathan Kathirgamanathan**

*President*

*Obstetrical & Gynaecological Society of Malaysia*

## Target Audience

**Gynaecologists – private and government, infertility specialists, medical-oncologists, gynae-oncologists, general practitioners**

### **Objectives:**

1. Get together, sharing knowledge and updates with doctors and specialists in the Southern region between Malaysia & Singapore from the same industry with the same interest
2. Sharing new insights, issues and controversies in fertility preservation and other aspects of fertility management
3. To increase awareness on role of minimally invasive surgery in reproductive medicine and sharing new insights on ways to improve fertility outcome
