WELCOME NOTE

DR. AHMAD MUZAMIR BIN AHMAD MUSTAFA

Assalamualaikum and Good Day!

Welcome to the inaugural ECGOS, in Kuantan, Pahang. This is the premier educational and scientific event for those who treat and care for women with gynaecologic cancer.

Herein, I sincerely appreciate the efforts of the organizing committee to organize the symposium. It is an excellent experience to discuss and share the progress of the new developments in treating and caring for gynaecologic cancer care in Malaysia.

I strongly believe this symposium will be a good opportunity to enhance broader input on gynaecological cancer care in our country that would benefit not only to the gynaecology department practitioners but also the general medical staff as well.

I hope this symposium will bring value to all the participants. I look forward to see all of you soon. Thank you!

Advisor
1st East Coast Gynaecology Symposium 2023

WELCOME NOTE

DR. NORHUDA BINTI MAT ALI

Assalamualaikum dear friends and colleagues,

I warmly welcome you to the highly anticipated conference of East Coast Gynaecology Symposium 2023. This is the first ever symposium held by the Gynaecology Unit of Hospital Tengku Ampuan Afzan, Kuantan which will take place on 14th and 15th July 2023.

Impactful programme, up to date topics, an interactive platform to immerse and stump the experts are all waiting for you in July 2023. With 17 lecture topics to be shared over the two days symposium, gynaecology issues will be our main focus with the aim to provide better understanding in dealings with gynaecology patients i.e the treatment, current development and many more.

An opportunity to have one to one discussion with experienced specialists will be a useful experience to you.

We are here to share on the best way to approach such cases beginning from detection of the disease up until recovery of the cancer patients as well as the necessary supportive care related thereto.

On that reason, we hope that you will be inspired, enriched with knowledge and be well versed in gynaecology with this 2 days symposium. We believe that all you will enjoy this programme and find it to be beneficial and practicable. Let's join us in this enthusiastic discussions for gynecologic oncology topics. I am looking forward to meeting you at the 1st ECGOS 2023. Best regards.

Chair Person
