**Datuk Dr. Mohamed Rafi Bin
Mohammed Fezal**

Director of Hospital Umra
Consultant Obstetrician
Gynaecologist with LCP in Aesthetics

Gynaecology aesthetics is the trend now. Let's keep up and experience a very interesting one day workshop. The course will cover the lectures on EBD's - Energy Based Devices - focusing on technicalities in particular during the morning session. The enrolled participants for the second half of the workshop will get the chance to apply the acquired knowledge hands on at Clinic Majestic Umra in Shah Alam. The acquired skill and knowledge would be an invaluable start as we embark into the exciting new world of the future - Aesthetics and Functional Gynaecology.

Please note that the second half of the workshop - the hands-on training - will not be available for online participants.
