

INVITATION
OGSM +

KL/SELANGOR FELLOWSHIP EVENING

Prof Tak Yeung Leung

MBChB (CUHK), MD (CUHK), FHKAM(O&G), FHKCOG, FRCOG
Assistant Dean (Mainland Affairs), Professor, Head of Fetal Medicine Team
Department of Obstetrics and Gynaecology,
The Chinese University of Hong Kong & Prince of Wales Hospital, Hong Kong

Professor Tak Yeung LEUNG graduated from CUHK in 1992 with distinction in O&G and started his O&G specialty training (1993-1999) and then Maternal Fetal Medicine subspecialty training (1999-2002) in Prince of Wales Hospital (Hong Kong). He was promoted to consultant in the same unit in 2007, and then joined CUHK as clinical professor in Dec 2009.

Professor Leung's research interests and professional expertise are in prenatal screening, diagnosis and therapy of fetal abnormalities, twin pregnancy, preterm delivery, fetal growth restriction, and emergency obstetrics. He has published more than 300 papers in international peer reviewed journals, and his current H-index is 43. He is most well-known for his work in maternal circulating cell-free fetal DNA for non-invasive prenatal diagnosis, prenatal genetic diagnosis using chromosomal microarray and now whole genome sequencing, fetal surgical therapy, external cephalic version and shoulder dystocia.

He has been leading the annual Asian Pacific Congress in Maternal Fetal Medicine since 2005, and Asian Pacific Congress in fetal therapy since 2016, which have become the most popular regional academic platforms for Obstetricians. In addition, he also runs multiple training courses on fetal ultrasound, genetic diagnosis and obstetric emergency. In particular, he collaborates with Baylor College of Medicine of USA in running a Master of Science course in Medical Genetics in Asia. Recently, in April 2023, Professor Leung was appointed as the "Changjiang Scholar" by the Ministry of Education of China.
