WELCOME MESSAGE

Welcome to SSMART 2024, the inaugural Surgical Symposium on Advanced Robotic Technology in Malaysia!

It is a great honour to chair this momentous event, scheduled to be held on the 8th of June 2024 (8.00 am – 5.30 pm) at SunMed Convention Centre, Sunway Medical Centre, Sunway City. Designed as a multidisciplinary meeting encompassing a wide variety of surgical and nursing topics, we aim to bring together leading experts, practitioners, and enthusiasts to explore the forefront of robotic surgery. This symposium promises enlightening discussions, interactive sessions, and invaluable networking opportunities.

On behalf of the organising committee, I extend our warm invitation to each of you to join us at SSMART 2024. We believe that all individuals interested in robotic surgery should have the opportunity to participate and contribute to the conversation. In the spirit of inclusivity, we will not be charging any registration fees for this event. However, seats are limited, so please register as soon as possible to secure your spot at the symposium.

As we embark on this journey of innovation and collaboration, let us seize the opportunity to share knowledge, exchange ideas, and inspire one another to push the boundaries of what is possible in robotic surgery. To all participants, I encourage you to engage fully and make the most of this enriching experience. Together, we have the power to shape the future of healthcare delivery in Malaysia and beyond.

Thank you for joining us on this transformative journey. Here's to a successful and memorable symposium!

Warm regards,

Dr Tan Guan Hee
