# WELCOME MESSAGE

Dear Esteemed Colleagues,

On behalf of the Asian Society of Fertility Preservation (ASFP), I extend our sincere gratitude to all participants who have gathered for this distinguished congress. It is indeed a privilege to welcome our esteemed speakers, honored guests, and delegates to the ASFP 2025 Congress in Putrajaya, Malaysia.

This year, we are pleased to present ASFP 2025, which promises to be not only larger but also more impactful than previous editions. With the central theme of "Fertility Preservation: Innovation & Trends," we are excited to host experts from 14 nations, each offering unique perspectives derived from their respective areas of research and innovation. We anticipate a diverse array of visitors to our exhibition, which will be accessible over the course of the next two days. Furthermore, we are delighted to offer a fertility-related workshop as a pre-congress event on the first day, and we warmly invite all participants and delegates to engage in this opportunity to enhance their understanding of fertility preservation.

The ASFP 2025 congress has been made possible through the invaluable support of the Malaysian Society of Fertility Preservation (MSFP), our esteemed local host. This congress stands as one of the most significant gatherings MSFP has hosted in Asia.

I look forward to the opportunity to connect with each of you soon. Let us collectively embrace the wealth of knowledge shared during this event and strengthen our mission to promote awareness of fertility preservation among cancer patients.

Prof. Dr. Özgür Öktem MD, PhD  
President of Asian Society of Fertility Preservation (ASFP)

# WELCOME MESSAGE

In the name of Allah, Most Gracious, Most Merciful.

On behalf of the Scientific Committee, it is my pleasure to welcome you to the 5th Asian Society of Fertility Preservation (ASFP) 2025.

This conference presents a unique opportunity to showcase high-quality technical papers from various research areas within the Fertility Preservation (FP) field. A collaborative effort between the esteemed ASFP and the Malaysian Society of Fertility Preservation (MSFP), the 5th ASFP aims to introduce competitive, innovative, and high-caliber clinical strategies. Furthermore, the conference will host an exhibition session, allowing relevant organizations and companies to display their contributions, products, and services, thereby providing attendees with an exceptional chance to learn about the latest advancements in the field.

We eagerly await a diverse array of abstract submissions from authors worldwide. To submit your abstract, please visit our conference website and adhere to the provided guidelines. Additionally, we are pleased to announce that we have confirmed esteemed speakers and panelists from Turkey, India, Australia, Japan, Indonesia, Hong Kong, Thailand, China, Taiwan, Korea, Vietnam, the Philippines, and Malaysia for this conference.

I would like to take this opportunity to express my heartfelt gratitude to the President of ASFP, Prof. Dr. Ozgur Oktem, for his unwavering support of this conference. I also extend my appreciation to all the board members of ASFP for their dedicated and sincere efforts, as well as to the members of the 5th ASFP 2025 scientific committees. Additionally, I wish to thank our esteemed attendees for their valuable participation and contributions. Without these collective efforts, this conference would not have come to fruition. I hope you thoroughly enjoy the conference program during your time in Putrajaya, Malaysia, the administrative heart of the country. Lastly, I would like to acknowledge and thank everyone who has contributed to making this conference a remarkable achievement in the field of Fertility Preservation.

Assoc. Prof Dr Abdul Kadir Abdul Kadir MD, PhD  
President of Malaysian Society of Fertility Preservation (MSFP)  
Organizing Chairman  
5th ASFP Congress, Kuala Lumpur Malaysia
