UMMI Surgical
making a Difference

Medtronic

Why This Workshop?

**Surgery is not just a technique.
Surgery is command.
Every stitch you place is a decision.
Every knot you tie is a conquest.**

In this workshop:

**You will master the
thinking, precision, and
leadership behind every
pass of the needle.**

**You are not training your
hands alone.
You are training your
will.**

**You don't just learn to
suture.
You learn to COMMAND!!**

THE 8 STEPS OF SUTURING MASTERY

**Suturing is not just stitching tissue.
It is stitching strength into healing. It is
commanding precision into chaos.**

**Today, you have trained not just your
hands – but your focus, your
leadership, and your mastery.**

**Every needle you drive, every knot you
lock, every layer you seal –
it must be done with command.**

**You are no longer just a participant.
You are a surgeon of precision.**

Welcome to the elite.
