Time: 9:00am – 5:00pm

Venue: University of Cyberjaya

**Theme: Towards a Tobacco-Free Society:
Realising the Vision, Executing the Mission**

MMA CPD: 20 Points
MPS CPD: 20 Points

ASH-MMA
Action on Smoking and Health

Towards a Tobacco-Free Society: Realising the Vision, Executing the Mission

We are excited to announce the return of the **National Tobacco Control Conference (NTCC) 2025**, a key national platform championing a whole-of-society approach to tobacco prevention and control. Organised by the **Malaysian Council for Tobacco Control** in collaboration with **the National Cancer Society of Malaysia and University of Cyberjaya**, this conference brings together stakeholders across sectors—including public health professionals, educators, policymakers, civil society leaders, and advocates—to unite efforts in reducing the burden of tobacco in Malaysia.

We warmly invite you to join us for NTCC 2025 under the theme **“Towards a Tobacco-Free Society: Realising the Vision, Executing the Mission,”** taking place from **30th May to 1st June 2025** at **University of Cyberjaya**. This theme reflects our shared commitment to turning aspirations into action through evidence-based strategies, community-driven advocacy, and strong policy support.

The conference will feature a dynamic and multidisciplinary programme, covering a wide range of topics including public education, fiscal policy, community interventions, and the fight against illicit tobacco trade. Over three days, NTCC 2025 will serve as a platform for NGOs, financial institutions, academic bodies, healthcare providers, and local governments to share successful initiatives, assess progress, and chart new strategies to strengthen tobacco control efforts.

We encourage all stakeholders to actively engage in the sessions, exchange ideas, and strengthen collaborations that will shape the future of tobacco control. The collective wisdom and contributions shared at this conference will play a vital role in driving Malaysia closer to our national vision of a healthier, tobacco-free Malaysia.

THE COMMITTEES

Steering Committee

- Prof. Datuk Dr Lekhraj Rampal
- Dato’ Dr Saunthari Somasundaram
- Prof. Dr Mohamad Haniki Bin Nik Mohamed
- Prof. Elil Renganathan
- Dr Noraryana binti Hassan

Scientific Committee

- Assoc. Prof. Dr. Amer Siddiq bin Amer Nordin
- Dr Nurhaliza binti Zakariah

Organising Committee

- Kolonel Bersekutu (PA) Assoc. Prof. Dr Murallitharan Munisamy

KEY HIGHLIGHTS

1

Expert Sessions Across Six Key Themes

Dive into diverse perspectives through dedicated tracks on healthcare professionals, workplace interventions, community advocacy, public sector and policy, youth leadership in tobacco control, and lung health. Engage with speakers from various industries as they share impactful approaches and real-world solutions across these critical focus areas.

2

Dynamic Rapid-Fire Abstract Presentations

Experience the latest research, ideas, and community-driven innovations through a fast-paced and engaging abstract presentation format. Selected presenters will showcase cutting-edge work and practical insights that contribute to advancing tobacco control in Malaysia and beyond.

3

Plenary Sessions with Malaysia's Leading Voices in Tobacco Control

Hear from prominent local experts in tobacco control, policy, healthcare, and advocacy as they share insights, strategies, and progress in reducing tobacco harm and shaping national efforts towards a Tobacco-free Malaysia

4

Meet Malaysia's 100 Youth Tobacco Control Leaders

Be inspired by 100 exceptional young individuals selected through a nationwide competition to serve as Youth Tobacco Control Leaders. Representing the voice of a new generation, these advocates are committed to championing a healthier Malaysia and driving forward the vision of a tobacco-free society. Witness their passion, innovation, and leadership as they take centre stage in shaping the future of tobacco control.

5

Cross-Sector Networking and Collaboration

Build lasting connections with fellow delegates from government, civil society, academia, and industry. NTCC 2025 offers valuable opportunities to collaborate, exchange ideas, and forge partnerships that accelerate progress in Malaysia's tobacco control efforts.

bin Amer Nordin
Associate Professor
University of Malaya

Dr Vijayan Munusamy
Clinical Specialist,
Universiti Malaya Medical
Centre

Assoc. Prof. Dr Freddie Robinson
Public Health Specialist
Head of Clinical Epidemiology
Department,
Hospital Universiti Malaysia Sabah

Dr Mohd Afiq Bin Mohd Nor
Emergency Physician
Consultant Universiti Malaya
Medical Centre & UM
Specialist Centre (UMSC)

Dr Siti Idayu Hasan
Senior Lecturer
University of Malaya

Dr Rama Krishna Supramanian
Medical Lecturer,
Universiti Malaya

Prof Dr Anand Sachithanandan
Consultant Cardiothoracic
Surgeon
Co-Founder and President,
Lung Cancer Network Malaysia

Assoc. Prof. Dr. Anne Yee
Associate Professor
Monash University Malaysia

Associate Professor Dr Nur
Amani Tajuddin
Associate Professor
Universiti Malaya Medical
Center

Assoc. Prof. Dr Farizah Mohd Hairi
Associate Professor,
University of Malaya

Dr. Choong Jin Ian
Family Physician
Universiti Malaya Medical
Centre

Assoc. Prof. Dr. Caryn Chan
Mei Hsien
Associate Professor
Kebangsaan Malaysia (UKM)

Dr Mohd Hafyuzuddin bin Md
Yusuf
Medical Lecturer
University of Malaya

Dr Eliana Ahmad
Senior Assistant Director,
Disease Control Division,
Ministry of Health

Dr Megat Mohamad Amirul
Amzar Bin Megat Hashim
Family Medicine Specialist,
University Malaya Medical
Centre

Dato' Dr Hj Mat Zuki Mat Jaeb
Head of Respiratory Subspecialty,
Ministry of Health Malaysia

Dr Khairul Hafidz
Founder of MedTweetMY

Dr Mohamad Fadli Khairie
Public Health Physician & Senior
Principal Assistant Director,
Health Informatics Centre
Ministry of Health Malaysia

Dr Sharifah Zamiah Binti Syed
Abdul Kadir
Senior Lecturer
University of Malaya

Featured Speakers

Assoc Prof Dr Murallitharan
Munisamy
Managing Director,
